EDUCATION

BA, University
of New Hampshire

Terri Navarra

Front-end/UI developer

My career has been defined by a drive to learn and challenge myself. As I take on more front-end development work I bring many years experience as a production designer to my work. I have a proven ability to teach myself new skills, work in fast-paced environments and collaborate with multiple team members.

EXPERIENCE

SR. PRODUCTION DESIGNER/FRONT-END DEVELOPER

September 2014 - present

MullenLowe, Boston MA

- › **Given opportunity to spend six months (July 2019 – December 2019) with the development group**, which included playing a major role in a dynamic single page application built with Vue.js.
- › Build landing pages using work flows including Gulp and Github.
- › Code and de-bug responsive emails.
- › Work with art directors to implement client feedback on emails, banners and sites.
- › Layout static banner and storyboard resizes.
- › Take designs from desktop to mobile.
- › Retouch and compose imagery for use in motion design and web site production.

SR. PRODUCTION ARTIST

March 1999 - August 2014

Mullen, Wenham MA/Boston MA

- › **Lead studio artist for client JetBlue.** Responsible for working with the art directors from concept presentation to final file delivery for an award-winning large scale launch that included over one hundred out of home executions and a North Station station domination.
- › Responsible for managing assets, maintaining consistencies and preparing files for a wide range of mediums including but not limited to taxi tops, billboards, subway car cards, magazine and newspaper ads.
- › Fulfill client requests, work with art directors to implement client comments, make proofreading edits and perform quality control while pointing out potential bottlenecks and production issues.
- › Support creative presentation and new business pitches in a fast-paced environment by formatting decks, creating mock-ups, exploring layouts and making edits.

TRAFFIC MANAGER

June 1997 - March 1999

Mullen, Wenham MA

- › Managed jobs through the agency working with all departments from creative brief to final mechanical.
